# CIGRE WOMEN in Energy Paris 2022 Session

## Next Steps for women in energy transition

Founded in 2014 by Dr Ruomei Li, to increase active participation of women at CIGRE

Several Forums every Paris Session + Centennial Session.

Women engineer role modelling, mentorship, leaders emerged, different topics discussed.

National Committees with WiE Forums increased, so did women members and active participation

Introduced WiE award in 2021

# Technical Exhibition 2022

## 300+ exhibitors

# it's on!
